Gold Mining Mat RFQ Checklist

A quotation brief for PVC miners moss, sluice box matting, wash plants, dredges, trommels, and wholesale distribution.

Standard reference	1m x 15m roll with 10mm, 15mm, or 20mm thickness options.
Typical MOQ	100 rolls for standard wholesale production. Samples and trial requirements are confirmed separately.
Typical production	Approximately 15-25 days after size, thickness, quantity, packing, and order details are confirmed.
Reference FOB price	US\$18.00-45.00 per roll, subject to profile, thickness, size, quantity, packing, and current quotation.

1. Mining Application

- ☐ Equipment: sluice box, wash plant, dredge, trommel, concentrator, recovery tray, or separator
- ☐ Material flow, water flow, target particle range, operating environment, and cleaning method
- ☐ Reference photo, drawing, current mat profile, or equipment channel dimensions

2. Mat Specification

- ☐ Required profile, material, color, width, thickness, roll length, and backing option
- ☐ Quantity for sample, trial order, wholesale order, and expected repeat-order volume
- ☐ OEM logo, label, carton, roll wrap, pallet, barcode, and distributor packing requirements

3. Delivery and Quote

- ☐ Destination country, city or port, preferred trade term, and requested shipment date
- ☐ Required documents, inspection, product photos, sample need, and approval deadline
- ☐ Confirm whether pricing is required per roll, per meter, or for a custom cut length

Send the completed project information to sales@vcarpets.com or submit it at vcarpets.com/contact.

Reference ranges are for procurement planning only. Final product specification, MOQ, price, sample availability, production time, compliance, packing, and freight must be confirmed in the formal quotation.
